

The ideal **floor** for
commercial foot traffic

Schools & Colleges, Offices, Healthcare Centers,
Waiting Lounges, Recreation Areas, Restaurants,
Retail Stores, Passages & Corridors

DESCRIPTION

Woodline & WoodlinePremiumvinyl floorings come in a wide range of designs, thicknesses, and textures, suitable for both residential and commercial applications. These flooring options, including tiles, strips, and planks, are made from non-asbestos flexible vinyl, combining the elegance, warmth, charm, and richness of natural materials such as wood and marble. The wood planks and carpet tiles feature a durable 0.20mm heavy-duty wear layer, providing excellent abrasion resistance. Additionally, Woodline & Woodline Premium tiles and planks have a matte-finish UV coating that protects against color fading and offers a dust-repellent surface for easy maintenance.
